

This practice has been awarded

**GOLD**

For excellence in lesbian, gay, bisexual and trans healthcare

King's College NHS Health Centre is proud to be an LGBT friendly practice and we take a stand against discriminating behaviour.

Below are some of the services we offer at the Health Centre:

- Contraception advice.
- Screening Awareness Advice.
- Gender transition support as per National Institute of clinical excellence guidelines.
- The option for an NHS Referral to the Gender Clinic.
- Mental Health support and holistic care for those struggling with their sexuality or gender identity.
- Doctors can also issue medications and treatments needed; such as hormone injections or hormone blockers.
